SUMMARY

- With around 6.5 years of experience in software, I possess a proven track record of accomplishments and demonstrated expertise across various domains.
- Experience in all phase of Software Testing Life Cycle (**STLC**), Software Development Life Cycle (**SDLC**), **Bug life Cycle** and **Agile** Methodology.
- Responsible for planning and executing various functional and non-functional testing activities, such as risk-based testing, exploratory testing, browser compatibility testing, system testing, system integration testing, end-to-end testing, UAT (User Acceptance Testing), Black and white box testing and post-implementation verification.
- Experience in working with Manual **Mobile Testing**.
- Experience in working with **SQL queries** for Backend Testing and Validation.
- Experience with **Core Java**.
- Experience with **Selenium WebDriver** using **Hybrid framework**(Testng) and **Cucumber BDD**.
- Experience with build tools like **Maven**, Continuous Integration tools like **Jenkins**,**Azure Devops pipeline**, version control tools like **Git** and IDEs like **Eclipse**, **IntelliJ IDEA**.
- Experience with **API** and Web Services testing using **SoapUI**, **Postman, REST Assured** and **Karate**.
- Experience in creating **Jenkins**, **Cloudbees** controllers and pipelines managed in cloud platforms **AWS** and **Azure**
- Involved in creating test framework from scratch and creating custom libraries in **Playwright** using **Javascript.** Expert in creating and managing **Storage State**.
- Involved in creating test framework from scratch using Libraries from **Robot framework** and using **Python**.
- Execution of Tests and Reporting Defects using **Azure DevOps**
- Experience in Integrating with cloud platforms **BrowserStack** for automation execution.
- Have good knowledge with **Jmeter** tool.
- Provided **weekly status reports**, Test summary/completion reports and Testing metrics.
- Experienced in test effort estimation, planning, test management and test optimization.
- Participated in all the **agile ceremonies** planning, daily scrum call, delivery and reporting sprint level deliverables.
- Good analytical and **communication skills** and ability to work independently with minimal supervision and also perform as part of a team.
- Handled 20 member team for a Healthcare client and implemented **testing pyramid strategies**. We broken down 3000+ test cases for migrating from E2E testing into Unit tests and integration tests.

EXPERIENCE

Test Analyst
2021 - Present

Infosys [Client : Teladoc, British Telecom (BT)]
Chennai/Banglore

- Understood business requirements
- Involved in the analysis, design, and construction phases of the project
- Involved in preparing Test Plan and Test Cases based on business requirement.
- Enhance the existing UI framework by using Java, Eclipse IDE, IntelliJ, BDD Cucumber, Maven and TestNG.
- Execution of Tests and Reporting Defects using Azure DevOps
- Creating CI/CD test environment using Azure DevOps
- Involved in Regression, Re-Testing, Smoke & Sanity Testing by using the Automation.

Business Support Senior
2019 - 2021

NTT DATA [Client : Cigna, Bio-Tech]
Chennai

- Performed Black-box, White-box Testing, System Testing, Smoke Testing, Functional and Regression testing
- Prepared and executed Test Cases and captured Test Results and reported bugs to developer
- Experience in testing using API – Postman
- Generating reports and analyze them using TestNG

Software Engineer
2017 - 2019

ProV Infotech [Client : IFS - Industrial and Functional Systems]
Chennai

- Reviewed system requirement specification, technical specification, and functional design documents to achieve better understanding of the project
- Implemented UI part Automation using Selenium with BDD Cucumber.

TECHNOLOGY & TOOLS

Core Java · Selenium · Python · Javascript · Rest Assured · Shell Scripting · Linux · Unix · API Testing [Postman] · Web Testing · Karate · GIT · Maven · SQL · PLSQL · CI/CD [Jenkins/Azure Devops/Cloudbees] · BDD Framework · TestNG · Playwright · Robot Framework

Operating Systems

Windows Mac IOS Unix

EDUCATION

Bachelor of Mechanical Engineering
Saveetha Engineering
04/2013 -04/2017
Chennai

12th Grade
Jawahar Vidyalaya
2012-2013

10th Grade
Jawahar Vidyalaya
2010-2011

MY TIME

- Ⓐ Lead Management
- Ⓑ Client Interaction
- Ⓒ Brainstorming
- Ⓓ Proof Of Concepts
- Ⓔ Test Automation
